

Hackathon XIII

Flipr is back with Hackathon XIII

Date of commencement - Friday, 6th May 2022

Time - 4:00 PM.

Features

- This Hackathon Hiring Program will be completely online and will be a 96 hour program.
- You will be given a coding task on your registered Email ID on the day of the Hackathon i.e. Friday, 6th May 2022 at 4:00 PM sharp.
- There will be 3 tasks (Machine Learning, Mobile Application, Full Stack Web Application), you can **choose any one** of them.
- After the completion of the tasks, the candidates will have to upload their codes on Version Control like GitHub, Bitbucket, Gitlab and deploy the code on any cloud platform like AWS/Azure/Google Cloud and share the task on the form provided.

Benefits

- Full-time placement and Internship opportunities in various partner companies
- Top performers will receive certification from us
- Great chance of networking with company officials and community interactions
